

## REAL CHAMPIONS

# BE A CHAMPION FOR THE *Champions!*

Every child has the potential to succeed in life, but not every child has the opportunity. Children born into the cycle of generational poverty are isolated from ordinary resources and experiences that can lead to success in school, work, and life.

Real Champions, Inc. exists to equip the most vulnerable children so that they will have the opportunity to succeed. Through full-time advocacy efforts and mentorship, we champion our children, day in, day out, all year long so that they can become the Champions they are.

**Will you join us? Will you be a champion for our Champions?**
